

Plat of Survey

Part of the Southeast 1/4 of the Northeast 1/4 and the Northwest 1/4 of the Northeast 1/4 of Section 18, and the Southeast 1/4 of the Southeast 1/4 of Section 7, all in Township 14 North, Range 7 East, Town of Dell Prairie, Adams County, Wisconsin.

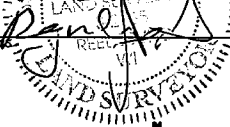

Notes:
 1. Fence remnants found in trees along this deed line closely approximate deed line north and south. The wires found in trees at the east end of this line are approximately 50 feet east of computed deed line.
 2. The East 1/4 corner of Section 7 was previously set by proration. The proration does not match the wire found in trees near the 1/16th corner on the east line of the Southeast 1/4 of section 7. There is less than 30 minutes of angle deflection from the east line of the Northeast 1/4 of Section 18 to the east line of the Southeast 1/4 of Section 7. Using the wire in the trees and retracing the line, would require a course deflection of from over 1' to over 2', depending on the scenario, at the Section corner for Sections 6, 7, 17, & 18. The Sections today do fit the 1851 GLO notes.
