## BASIS FOR MONUMENT LOCATION

(Use reverse side if necessary)

Show info such as: History of corner, with reference to Vol. and pg, dates, surveyor; exact description of monument replaced; if location computed, by taped or EDM traverse; landowner remarks, etc.

Ran EDM/transit traverse of Section 23 and determined extent of search area.

An extensive search revealed no evidence as to the location of the original Section corner. Using the original survey notes and the right-of-way plat for the Chicago and Northwestern Railway, the location of the section corner was determined and monumented.
