MINUTES.

Beginning at the identified South East corner of section 21-2-18-R-7-E and run west 40 chains & 12 $\frac{1}{2}$ links to Quarter Post on south side of section with find no Post or Bearing. Post later established the Quarter Post & made a new Bearing. Then ran west 40 chains & 12 $\frac{1}{2}$ links to the south west corner of the section, could find no Post or Bearing. Then ran west 39 chains & 60 links to the Quarter Post on south side of section 20 found Post & Bearings. Then went back & established the south west corner of section 21. No timber but set stone. Then started from the established Quarter Post on north side of section 21 and ran North at 5 $\frac{1}{2}$ D-V. 81 chains to the Quarter Post on north side of section found one good Bearing & Post. Put this Quarter Post in one chain to far north. Then started at the identified Quarter Post on East side of section & ran west at 5 D-V. 80 chains & 40 links to the identified Quarter Post on west side of section. Then started at the South end of sec 21 & ran North at 6 D-V. 40 chains to the Quarter Post on East side of section set Post at 20 chains and ran west on 8th line at 5 $\frac{1}{2}$ D-V. 30 chains & 13 links to the 7th Post on the section line on west side of section. Then went to the stone at south west corner of section & ran North on section line 20 chains to the 8th Post on said section.

CERTIFICATE OF SURVEY.

STATE OF WISCONSIN,
ADAMS COUNTY.

ss. J. M. G. Smith

Surveyor, in and for the County and State aforesaid, do hereby certify that I have surveyed and subdivided Section 21 Township 17 North of Range 7 East of 4th Principal Meridian, as represented by the courses and distances on the following plat, and annexed field-notes of survey:
Established the center of the section at the point of intersection of straight quarter lines
Established all quarter-quarter corners upon the section boundary at proportional distances between known section and quarter section corners, according to the original field-notes of the Government survey.
Established all lost corners at proportionate distances between known corners, according to original field-notes of the Government survey:

Plat of Section 21, Township 17 North, Range 7 East of 4th Principal Meridian. Scale, 80 chains to 6 inches. The figures in red ink are the lengths of the lines as stated in the field-notes of the Government survey.

Declination of the Magnetic Meridian from the True Meridian _____ East.
Surveyed and subdivided this first day of July A. D. 1908, in accordance with the State Laws and Instructions of the Commissioner of the General Land Office, and recorded on pages _____ of Register in the County Surveyor's office.
WITNESS my hand this first day of July A. D. 1908.

J. M. G. Smith Surveyor.

The above work was done for Frank Meroshek & Harrison Morgan
