BASIS FOR MONUMENT LOCATION

Show info such as: History of corner, with reference to Vol. and pg., dates, surveyor; exact description of monument replaced; if location computed, by taped or EDM traverse; landowner remarks, etc. (Use reverse side if necessary)

Set on the N-S fence and equidistant between adjacent section corners. this location "fits" M.C. Smith notes recorded in Vol 2 Page 47 ACSR. I was unable to locate irons called for by Smith, but the fences appear to be very representative of his survey.
