LOCATION

BASIS FOR MONUMENT LOCATION

On February 16, 1982 Anthony B. Kiedrowski found a 42" original burr oak bearing tree still standing. He measured off the tree record distance and dug with a back hoe finding the remains of fence post still in place. He replaced the old post with a Harrison monument, Corner was buried 1.7' under the surface so I set a 5" galvanized landscaping spike over the top of the monument.
