BASIS FOR MONUMENT LOCATION

Show info such as: History of corner, with reference to Vol. and pg., dates, surveyor; exact description of monument replaced; if location computed, by taped or EDM traverse; landowner remarks, etc. (Use reverse side if necessary) (in conformance with Section A-E 502 of the Wisconsin Administrative Code)

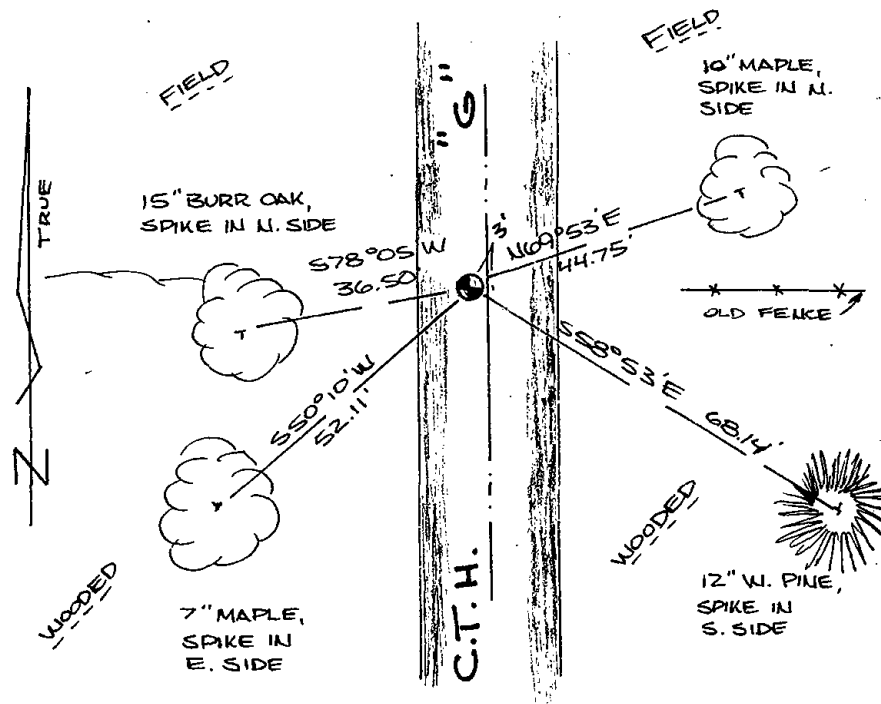

Corner area was excavated and round discolored area (approx. 3" dia.) with decayed wood in the center was found extending straight up and down from 5" below the original ground surface to a depth of 2' from same. This spot was accepted as correct and monumented.

The location of this corner is on the extension of a very old fence line to the East, within 1.1' of the original distance from the South, agrees with remnants of fence wire found 1320' North, and 3' West of the centerline of pavement. It is also within 00°01' of a straight line between section corners.

This location is 1' West of an apparent earlier excavation for the corner.

TIE SKETCH

Show at least four ties, also fence lines, roads, topo, size and type of witness trees and if off road - best way to arrive at corner.
