BASIS FOR MONUMENT LOCATION

(Use reverse side if necessary)

Show info such as: History of corner, with reference to Vol. and pg, dates, surveyor; exact description of monument replaced; if location computed, by taped or EDM traverse; landowner remarks, etc.

Ran EDM/transit traverse around Section 7 and the adjacent sections to determine the search area for investigation.

Excavation with backhoe yielded no evidence of the original corner or any remonumentation. Could find no record of the 1" iron pipe on the South side of Bighorn Avenue, being on Quarter line.

Set corner on line between the adjacent section corners and proportional to the original notes.
