BASIS FOR MONUMENT LOCATION

Show info such as: History of corner, with reference to Vol. and pg., dates, surveyor; exact description of monument replaced; if location computed, by taped or EDM traverse; landowner remarks, etc. (Use reverse side if necessary)

No record of resurveys. Could find no evidence of original or subsequent monument. This corner set at the intersection of radii, 2641.4' from the N $\frac{1}{4}$ corner and 2659.75' from the E $\frac{1}{4}$ corner, the distances used being the same as the north line of the NW $\frac{1}{4}$ and east line of the SE $\frac{1}{4}$ respectively. This is as close as I could get to matching original notes and what little possession evidence there was.

Ran EDM, T-2 traverse of all of section 28, 27, & 26.
