BASIS FOR MONUMENT LOCATION

(Use reverse side if necessary)

Show info such as: History of corner, with reference to Vol. and pg, dates, surveyor; exact description of monument replaced; if location computed, by taped or EDM traverse; landowner remarks, etc.

(S $\frac{1}{4}$ corner 31)

Set on a straight line between section corners in proportion to original government survey distances. This does not appear to conform with possession lines to the north. Notice fire lane shown. However, the entire south line of Town 21 North was run, with all distances matching possession quite well except for the south line of section 31.

(NW corner 6)

Set on a straight line between the S $\frac{1}{4}$ and SW corners of Sec. 31-21-7 and at a distance west of the S $\frac{1}{4}$ corner of 31 as called for in the original notes. No evidence of the corner.

SEE ATTACHED PAGE ALSO 4-4-91.
